UV WALL PANEL

Wayon Panel

ABOUT US

Weiyuanchuan international Trade Co. , Ltd. since 1996, Weiyuanchuan has pioneered advanced architectural surface solutions from its 50000+ sqm vertically integrated manufacturing hub in Zhengzhou, China. Equipped with 15 automated production lines, our ISO 9001 certified facility delivers industry-leading capacity of 30 million wallpaper rolls and 500,000 sqm of wall panel , while maintaining SGS-validated eco-compliance (REACH/ROHS). Strategic partnerships with Alibaba, Amazon, and DHL ensure seamless global distribution supported by pre-stocked overseas warehouses in key markets for rapid order fulfillment.

Our precision-engineered portfolio combines aesthetic versatility with technical rigor. From self-adhesive PVC wall coverings (48-hour moisture resistance) to fire-rated WPC PS panels (EN 13501-1 Class B certified) , we empower architects and developers with surfaces that marry design flexibility and performance. The Fast Track Custom Program enables bespoke digital prints in 15 days - including Pantone color matching and BIM/CAD integration - while our proprietary Green Shield Technology ensures near-zero VOC emissions (<math><50\mu\text{g}/\text{m}^3</math>) for healthier interiors.

Backed by an 8-language support team and 18-month product warranty, we serve commercial and residential clients across 50+ countries through a consultative partnership model. Whether optimizing costs for hotel chains through bulk WPC cladding solutions or enabling boutique designers with small-batch custom murals, our agile engineering and DDP logistics expertise minimize project time lines by 30% on average.

Connect with our Global solutions Team info@wayonpanel.com, ceasar@wayonpanel.com or Beverly@wayonpanel.co, +86 18848861633 to explore how we can transform your next space sustainably and at scale.

Weiyuanchuan International Trade Co., Ltd. is a professional wall panel manufacturer and wholesale wall panel vendor to many global brands.

We've successfully served various wholesalers fabricators, architectural contractors, architects, designers and studios to fulfill their projects of the building of wall claddings ,backgrounds, ceilings and more surfaces.
